NARRATIVE:

The purpose of this survey is to show a boundary line adjustment between two parcels, an approximately 4 acre parcel deeded to H. Eugene Smith, et ux, in Reel 70, Page 1269 and a 21.27 acre parcel deeded to Carl and Madge Harris in Reel 212, Page 195.

The North 18.96 acres of Harris' parcel is to be added to Smith's approximately 4 acres.

All of the corners of the 2.31 acre parcel that Harris is going to retain are monumented as shown. I tied those corners and computed the location on what will be Smith's North line. I did not set Smith's North corners but his South corners are in as are all of Harris' corners.

Scale: 1" = 152'
