Stanfield School District, 61R

Measure No: 30-129

Caption: Authorizes General Obligation Bonds to Construct and Renovate School Facilities

Question: Shall Stanfield School District issue \$14,000,000 general obligation bonds for capital costs, renovate and expand district facilities, receive \$4,000,000 grant? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.

Summary: Stanfield School District No. 61R has been awarded \$4,000,000 in State grants only if the bonds are approved.

If approved, this measure would finance capital costs throughout District, including:

- Renovate elementary facilities for safety, security, parking.
- Purchase currently leased elementary school land.
- Construct, furnish and equip middle school addition, including classrooms, music room, restrooms, storage, gym and corridor to secondary school; remove middle school and administrative modulars.
- Renovate secondary school facilities for security, safety, HVAC, plumbing, windows, kitchen, doors, offices.
- Construct, furnish and equip expansion to secondary school for Career and Technical Education Programs.
- Pay issuance costs.

Bonds may be issued in one or more series and mature in 21 years or less from date of issuance. If approved, the estimates tax rate for the 2020 tax year is \$2.70 per \$1,000.00 of assessed value, which is approximately \$0.20 per \$1,000.00 above the average rate paid on the existing bond which will expire in 2019. Actual rates may vary based upon interest rates incurred and changes in assessed value.
