# **FEATURES & BENEFITS OF A MOWERMAX BOOM MOWER**

## **INCOMPARABLE OPERATOR VISIBILITY**

The MowerMax Boom mower has incomparable operator visibility with its cab forward design that greatly enhances the operators visibility making for a much better and safer cutting experience. Additionally, the right side of the cab has a totally unobstructed view. (See picture to the right) This right side window is also made of 1/2in Lexan to protect the operator from any thrown objects. Lastly, all MowerMax Boom mowers come with a helical actuator with 180 degree boom rotation so the operator place the boom where he or she has the best visibility.

**SCHEDULE DEMO  
([HTTPS://MOWERMAX.CO  
M/SCHEDULE-DEMO/](https://mowermax.com/schedule-demo/))**

## **OPTIMUM STABILITY**

The MowerMax Boom is designed from the ground up to have a low center of gravity, unlike tractor mounted boom mowers. Additionally the counterweights, with integrated operator steps, are mounted directly opposite the boom for maximum benefit and it's easy to add additional 1400lbs. counterweights for even more stability. These features combined with the rear axle stabilizer system, make the MowerMax an extraordinarily stable machine.

**SCHEDULE DEMO  
([HTTPS://MOWERMAX.CO  
M/SCHEDULE-DEMO/](https://mowermax.com/schedule-demo/))**

## **OUTSTANDING MANEUVERABILITY**

The MowerMax has hydrostatic, 2 speed transmission which is operated by two foot pedals and comes with permanent 4 wheel drive with 45% limited slip front axle and 100% operator controlled rear differential lock. Most importantly the MowerMax Boom has 4 wheel steering with three different steering modes:

1. 4 Wheel Steer
2. Front Wheel Steer
3. Crab Steer

These three steering modes allows the MowerMax to be extremely maneuverable and productive. Lastly all of MowerMax booms come with 180 degree rotation with a helical actuator for maximum operating flexibility.

**SCHEDULE DEMO  
([HTTPS://MOWERMAX.CO  
M/SCHEDULE-DEMO/](https://mowermax.com/schedule-demo/))**

## **SERIOUS VERSATILITY**

The MowerMax Boom has serious versatility! It has many different types of front or boom mounted attachments including:

- Fully adjustable rotary mowers, mulchers and flail heads
- Fully opposable grapples and rakes
- Snow removal plows and blowers
- Debris and obstacle pushers, brooms and blowers

Additionally, the MowerMax Boom has a **quick disconnect system** so that an operator can change out boom heads in under 5 minutes! The MowerMax also has an optional **front lift arm** with a **universal quick attach mount!** This mount allows you to use over 30+ attachments.

**M/SCHEDULE-DEMO/)**

## **SURPRISINGLY SIMPLE & SAFE**

ATMAX Equipment Co. knows that boom mowing often happens on busy roads under rough conditions, so safety of the operator and the machine are of utmost importance! So the MowerMax comes with:

1. 1/2in Lexan Glass on boom side
2. **ROPS & FOPS** – Most tractors and other purpose built boom mowers only have ROPS even though all trim trees with them
3. Bright Yellow Powder Coated Paint
4. 2 front LED daytime running lights, 2 reflective SMV diamonds, 2 – SAE Class 1 strobes, 1 – 35in LED directional control bar, 12 amber/white mini LED flashers
5. Over 30ft of reflective decals and DOT tape
6. Two large extendable rearview mirrors.
