TRACTS OF LAND
IN THE E. 1/2 OF N.E. 1/4 OF S.E. 1/4 OF SEC. 1
Township 4 N., Rge. 28 E., W.M.

Scale: 1" = 100'

FIELD NOTES

For Survey of Tracts of land in the E. $\frac{1}{2}$ of the N.E. $\frac{1}{4}$ of the S.E. $\frac{1}{4}$ of Section 1, T.4 N., R. 28 E., W.M.

By: Verl R. Fraley
Ore. Land Surveyor No. 183.

Found the S.E. corner of the Section which is a stone in the center of County Rd. No. 605.

Found the E. $\frac{1}{4}$ corner of Sec. 1 which is an iron pipe in the center of County Rd. No. 605.

Also found the points of the tract in the S.W. corner of these tracts which I had previously surveyed. Also found the N.W corner of the N.E. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of the S.E. $\frac{1}{4}$ which had previously been set by other surveyors. I had also previously used this point and found it to be correct.

From this data I surveyed and marked with iron pipes the several tracts as shown on the accompanying map.
