

NARRATIVE:

The purpose of this survey is to adjust the boundary of that parcel described on R.44, P.1781 and to survey and describe a road to replace the one described in Book 160, P.340.

I based my survey and bearings on Krumbein's 1974 Survey for the Port of Umatilla and his 1985 Survey for Lamb. I did set a new corner at the SW corner of the property to match the Railroad Centerline and the Railroad Right-of-way fence.
