

History of original corner establishment:

Original survey was made by Wm. H. Odell, US Deputy Surveyor, under contract No. 114, dated July 2, 1866. He set a post for 1/4 section corner common to sections 32 & 33. He set the following bearing trees:  
A pine 12" dia. bears N 84 W, 18 lks.  
A fir 10" dia. bears N 81 E, 26 lks.

Description of corner evidence found:

I made an extensive search in the area of this 1/4 corner, but found no trace of the original 1/4 corner as the area has been logged two or three times since the original corner was set in 1866; thus I have determined the original corner to have been lost and continued my survey on that basis, by using proportionate distances along the line common to sections 32 and 33.

Description of monument and accessories I established to perpetuate the original location of this corner:

None
