

Road No. 441.

ROAD NO
441.

In the Matter of Viewing, Surveying and Laying out Road Survey No. 441, for Umatilla County, Oregon.

Commencing at the North East corner of Section 26, Twp 6 North Range 34 E. N. M. Running thence South $\frac{1}{4}$ mile; thence West $\frac{1}{4}$ mile; thence South $\frac{1}{4}$ mile; thence West $\frac{1}{4}$ mile to the center of said section 26; thence South-West-erly about 80 rods to Pine Creek; thence up the East bank of Pine Creek in a South-Westerly direction to the section line between Secs No. 34 + 35; thence North about 50 rods to the North East corner of Section 34; thence West $\frac{1}{2}$ mile; thence South $\frac{1}{2}$ mile to center of Section 34. Said road to be sixty feet wide.

Viewers Report.

In the County Court for Umatilla County, State of Oregon.

In the Matter of the Petition of
J. Dickerson & 21 others for the
Establishment of a County Road

To the Honorable County Court, above named:

We the undersigned Viewers, appointed by the Honorable Court, to view survey and lay out a County road as prayed for in the petition of J. Dickerson and others, beg leave to report:

That pursuant to said order we met at Bartlett's Hotel, in Milton, Oregon, on the 29th day of May, 1894, at the hour of 8 o'clock, a. m., of said day, the same being the time and place fixed by said order for the meeting of the undersigned viewers and Jno. C. Arnold, surveyor, appointed to survey said road, and after first taking an oath faithfully and impartially to discharge the duties of our appointment, we took to our assistance Ed. Hodgson and H. M. Pitner as chain bearers and as marker, and proceeded to view, survey and lay out said road as prayed for in said petition, as near as in our opinion a good road can be made at a reasonable expense, taking into consideration the utility, convenience and inconvenience and expense which will result to individuals as well as the public, if such road shall be established and opened.

The said Jno. C. Arnold, Surveyor, surveyed said road under our directions, and the same was conspicuously marked throughout the corners and distances thereon noted, and all trees on the line of said road were marked on each of the sides thereof corresponding with the direction of said road, with three notches cut through the bark and one inch into the wood, and all trees adjacent to the said line of said road were plainly blazed on the side facing said road. The beginning and termination of said road and the termination of each mile and intermediate points have been marked in the manner provided by law as will more fully appear by the certified return of said Surveyor of said road which is herunto attached and made a part of this report.

 feet wide.

That in our opinion the said proposed road should be established for the following reasons:

- 1st. The route is quite practicable.
- 2d. The road is much needed for an outlet to residents within its vicinity.

Dated this 29th day of May, 1894.
