

Pendleton, Or. May 21st 1887

To the Hon. County Court,
Umatilla County, Oregon: -

We, the undersigned viewers in the matter of County Road No. 289, would respectfully report that we met with County Surveyor Jno. C. Arnold at the time and place specified in notice, and proceeded to view out and survey said road as petitioned for; we find the first part of said road somewhat rough or uneven and to require some grading; after intersecting the road formerly surveyed for County road, at or about the fifth mile, and which road we followed, practically, to its terminus, we find the route much more even or level and the road in some parts fenced in lanes and considerably traveled; we find roads badly needed and but few legalized ones in the section through which our survey was made, for these said reasons we would recommend that the prayer of the petitioners be granted and that County Road No. 289 be declared a public highway.

Frank. B. Anttonen.

Geo. Gross
