

NARRATIVE: The purpose of this survey is to set the corners of the NW 1/4, SE 1/4, SE 1/4 of Sec. 4 and to partition it into 2 Acre parcels.

The bearings and the subdivision of the section are based on Don Staebler's 1974 survey for Red Leonard. His record bearings and distances are shown thus (000). The iron rod found on the east side of the surveyed parcel was set by me in a 1976 survey for Rebmon. I used Staebler's subdivision in that survey also.

All of the East-West fences are lying south of the Deed lines in this area.
