

NOTICE OF CORNER REMOVAL

On October 4, 1986 I removed the Center quarter corner of Section 21, Township 5 South, Range 33 East, W.M.. This Corner had been set by me in July of 1984 in an incorrect position. In 1985 Victor McLind under contract to the U.S. Forest Service located the correct location of the Center quarter corner 23.7 feet away from the corner which I had previously set. At the request of the U.S. Forest Service I have removed the corner which I had set to avoid any confusion in the future.
