Subdivisions of T. 2 N. R. 36 E.

Willamette Meridian, Oregon.

Preliminary to subdividing this township I ran North on a blued line on the East boundary of Sec. 36 and at 40.00 chs I found the  $\frac{1}{4}$  sec. cor. and at 80.04 chs I found the sec. cor., As I have just run the south boundary a few days previous, I do not retrace same. My compass will therefore run the same line as the exterior boundaries and the chaining practically agrees.

Survey commenced September 26<sup>th</sup> 1882 with a Burt's improved solar compass

I commenced at the cor. to Secs 1, 2, 35 + 36 on the S. boundary which is a basalt stone 14x12x8 ins. marked with 1 notch on E. and 5 notches on the edges, with a mound of stone alongside  
 Thence I run
