Township 3 North Range 35 East

The greater part of  
this Township is included  
in the Amatilla Indian  
Reservation,

The lands are rich and  
very productive wherever  
there is sufficient moisture  
to prevent the long dry  
summers from parching  
up the lands,

On all the lands there  
is a heavy growth of rich  
bunch grass.

Upon considerable  
portion of land not  
included in the Reservation  
valuable claims have  
been located hence  
that portion should be  
subdivided,
