General Description

This Township is very mountainous cut
 by deep canyons in every course. The
 western portions reaches the foot hills along
 which are a number of settlers. The eastern
 portion small timber not large enough for
 saw logs, consisting of Pine, Fir, Spruce
 Lammack Willow Vine Maple & Gum

Completed Oct. 4th 1872

I George William Deputy Surveyor do solemnly swear that in pursuance of a contract with W. H. Odell Surveyor General of the public lands of the United States in the State of Oregon bearing date the 20th day of July 1872 and in strict conformity to the Laws of the United States and the instructions furnished by the said Surveyor General, I have faithfully surveyed the Exterior and Subdivisional lines of Township 5 North Range 37 East, the Exterior and Subdivisional lines of Fractional Townships 6 North Ranges 37 & 38 East and the Subdivisional lines of Fractional Township 5 North Range 38 East ^{in the State of} Oregon aforesaid and do further solemnly swear that the foregoing are the true and original field notes of such survey.

George William
Deputy Surveyor
